If your appropriation request to your legislative body or funding authority ("Governing Body") for funds to make the payments is denied, you may terminate the lease on the last day of the fiscal period for which funds have been appropriated, upon (i) submission of documentation reasonably satisfactory to us evidencing the Governing Body's denial of an appropriation sufficient to continue the lease for the next succeeding fiscal period, and (ii) satisfaction of all charges and obligations under the lease incurred through the end of the fiscal period for which funds have been appropriated, including the return of the equipment at your expense.

Shipping & Mailing

SendPro® C200

Make the smart sending choice every time.

Eliminate guesswork with our all-in-one solution.

The SendPro C200 is the simplest, all-in-one technology for office mailing and package shipping. It's a complete sending solution that makes it easy to process mail and send packages all from one place. You'll be able to:

- Process daily mail and print postage quickly and accurately.
- Access USPS® shipping rates which offer discounts of up to 39% off retail rates*.
- Compare options from three major carriers, like USPS and UPS®.
- Print shipping labels for three carriers right from the system.
- Track packages and costs across three major carriers in one consolidated report.

Plus, with the integrated scale you can accurately calculate postage and shipping charges for all of your letters, flats and packages. The C200 makes it easy for your office to consistently choose the ideal mailing or shipping option.

Save money and eliminate overspend.

Using a color touchscreen display, the C200 makes your selections of carrier, class and services simple and accurate. For letter mail, simply select the postal class and services you want, then seal and print postage in one easy step. For larger items, you can compare each carrier's shipping options and print a shipping label. Plus, the C200 is digitally connected so you'll always be up-to-date with automatic postal and carrier updates, low ink alerts, service warnings and diagnostic notifications.

*Actual savings may vary depending on weight, zone and services requested.

Make the confident choice, no matter what you send.

With the SendPro® C200, you can consistently choose the ideal carrier, class or service to get your items delivered—all at the best price for your needs. Just weigh the item to see your carrier's options with a cost and estimated delivery time. A common address book works across all three carriers and verifies the recipient addresses to ensure accurate delivery. Then, after selecting the ideal choice for your unique business needs, the C200 will print a shipping label from the attached label printer or your network printer.

Ship and track from anywhere.

Access C200's shipping and tracking capabilities away from your mail area with secure access from your desktop computer. You'll always have a consolidated view of your cost history and tracking information for carrier shipments. By having multiple information on a single platform, the C200 eliminates having to use multiple carriers' websites to process a package or track a shipment.

Maximize savings every time you send.

The C200 is designed to save you and your office staff time and money in many ways. You can get automatic ink replenishments at savings of 20% off the retail price when you enroll in the AutoInk™ program. When shipping, you immediately save with USPS® shipping discounts for Priority Mail and other package services. As a certified Ready Provider of UPS®, Pitney Bowes offers savings of 18% on UPS Next Day Air® and 9% off UPS Ground Commercial and Residential.
