2020/2021 School Year START DATE: 8/1/2020
ALEKS subscriptions are not transferable. The subscription start date is a predetermined date, specified by the customer when an order is placed, which determines the date by which the product will begin its full intended duration. The subscription start date affects the *duration* of a subscription - regardless of whether a subscription has started to be used or not. A subscription can be used prior to or after the subscription start date.
When a subscription is used on or before the start date, the student will have access for the entire duration of the subscription (e.g., a K12 - Seven Month subscription will last the student seven months). AFTER the subscription start date, any unused subscriptions will automatically begin having time deducted (e.g., if a K12 - Seven Month subscription is used a month after the subscription start date has passed, the subscription will last the student six months).
