

## College and Career Education

### **CERTIFICATION – ADOBE CERTIFIED ASSOCIATE**

As part of the Arts, Media and Entertainment CTE curriculum, students learn to use the industry-recognized design software, Adobe Creative Cloud. As students reach proficiency in its use, students will have an opportunity to become certified through Certiport as an Adobe Certified Associate (ACA) by passing an online exam (<https://certiport.pearsonvue.com/Certifications/Adobe/ACA/Overview>). Those who possess the certification can prove they have the skills and knowledge to meet the demands of today's design industry.

The following information is collected by Certiport during registration from all candidates:

- |                    |  |
|--------------------|--|
| 1. Full Name       | 5. Preferred Language                              |
| 2. Mailing Address | 6. Employment status                               |
| 3. Email Address   | 7. Years of schooling completed                    |
| 4. Date of Birth   | 8. Affiliated student organizations, if applicable |

This information is collected by Certiport to create a user account, to track certifications by each candidate, to mail certificates to candidates if they complete a certification, and to better understand test taker demographics. Furthermore, data collected during the exam is shared with the testing center (school/teacher) and may be used by Certiport for test improvement purposes. Lastly, Certiport does not do any targeted marketing to candidates using any information collected during the registration or examination.

Your signature below indicates your agreement with this personal information being provided to Certiport. Please sign and return the bottom portion to the instructor prior to the certification exam.
